A MESSAGE FROM OUR CTA

Greetings from Aleph INDIA...!

I am obliged and grateful in representing **Aleph INDIA**, I would like to thank you for trusting us in the elevation of your business and principles.

Many companies search for a purpose. We were born with one: *to create and unlock potential trust between corporate & consumers*. The story of **Aleph INDIA** is told through our clients, our employees, and the sector in which we invest in every stage of our work. We are proudly serving our clients for compliance and approvals for the Indian market over the decades. We believe in *sustainability, innovation, and groundbreaking services* for our client's satisfaction. With our creative and diverse global team, we are making a positive impact in the domain where we work and live.

“Our purpose and motto is to reduce risk for the client by implementing a proven and internationally accepted quality assurance that is applicable across the globe. That's why we initiate an association, not a business practice”

Mr. SUNJAY KUMAR (Chief Technical Advisor)

Ex-Deputy Director General [BUREAU OF INDIAN STANDARDS]

HOW WE WORK

PROJECT MANAGEMENT

We at **Aleph INDIA** consider that quality maintains the credibility of the product in the market, even though the prices fluctuate. Here in Aleph INDIA, we have a complete end-to-end encrypted **internal online system and Customer Relationship Management (CRM)** system, in an approach to manage a company's interaction with valuable and potential customers, daily updates on running projects and notifications for upcoming government norms.

We have complete project tracking and targets for the operation team to complete the projects within time frames.
Quality in service is our first priority.

The screenshot displays a web interface titled "FMCS Projects Online status". It features a table with columns for SN, Project No., Project Type, Client Name, Manufacturer Name, Project Status, Sampling Status, Product Name, IS Number, Application No./Date, and All Details.
