

DESIGN SERVICES

Hardware design and development services for embedded electronics, a valuable addition to Sahasra's offerings to effectively support customers and provide a one-stop solution.

DESIGN APPROACH

ELECTRONIC REPAIR SERVICES

Computers & Peripherals

- Desktops any Brand
- Laptops any Brand
- Monitors – TFT/LED
- Monitors – TFT/LED
- Plotters
- LaserJet Printers
- DMP Printers
- Line Printers

Other Non IT Products

- Projectors
- Small Check Scanners
- Retail POS Products
- Audio Video Products
- Smart Class Products
- Kiosks Products
- ATM Machines
- Telecom Products
- Entry Level Medical Products

Network Equipment

- Switches
- Routers
- Line Modules
- Modems
- Security Appliances
- Smart Card Readers
- Wireless Access Points

OUR GLOBAL PRESENCE

Leading

Player in Electronic System Design & Manufacturing (ESDM) space in India

Diversified

Product portfolio covering multiple electronic segments

Self-reliant

In-house Design & Development as ODM of Memory & IT Hardware products

Integrated

Business model has helped derive greater operating efficiencies

Mission

Deliver high quality goods and services at competitive pricing with business velocity to satisfy customers across the Globe

MANUFACTURING PLANTS

Sahasra Electronics Pvt. Ltd. - Noida, India

Sahasra Electronic Solutions Limited - Noida, India

Infopower Technologies Pvt. Ltd. - Noida, India

Sahasra Semiconductors Pvt. Ltd. - Bhiwadi, India

Sahasra Electronics Rwanda Pvt. Ltd. - Rwanda, Africa

One-Stop Solution for your

"We Assemble Relationships"

PRODUCTS & SOLUTIONS

- ❖ IT HARDWARE
- ❖ MEMORY DEVICES
- ❖ SMART LED LIGHTING

SERVICES

- ❖ ELECTRONIC SYSTEM DESIGN & MANUFACTURING
- ❖ PCB FABRICATION
- ❖ SEMICONDUCTOR PACKAGING

Sahasra established in the year 2000, the millennium, a leading player in the Indian electronics system design and manufacturing space for the last 23 years' operating across six key sectors: PCB Fabrication, Electronic Manufacturing Services, Memory Products & Solutions, Consumer and Enterprise IT Hardware, Semiconductor Packaging, and Smart LED Lighting. We export to 30+ countries worldwide and supply to India's biggest and global companies. With five facilities in India and Rwanda and two new plants under construction, we're poised for rapid growth. Our global footprint includes offices in the USA, Canada, Europe, Africa, the UK, and Asia through which we serve these markets.

Our motto, "We Assemble Relationships," is more than words; it's our way of life. We build trust by being where our customers are, providing real-time support, and offering innovative warehousing solutions.

We've pioneered technology, from Metal Core PCBs to Enterprise-Grade Mother Boards and Semiconductor Packaging, earning a reputation as a technology disruptor. At Sahasra, we embrace in-house tech with SAP ERP, MES for 4M integration, and Industry 4.0 innovations. Certified for Quality, Environment, Safety, ESD Control, and more, we meet industry standards.

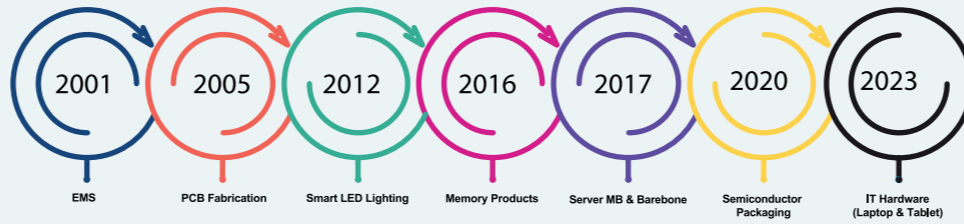

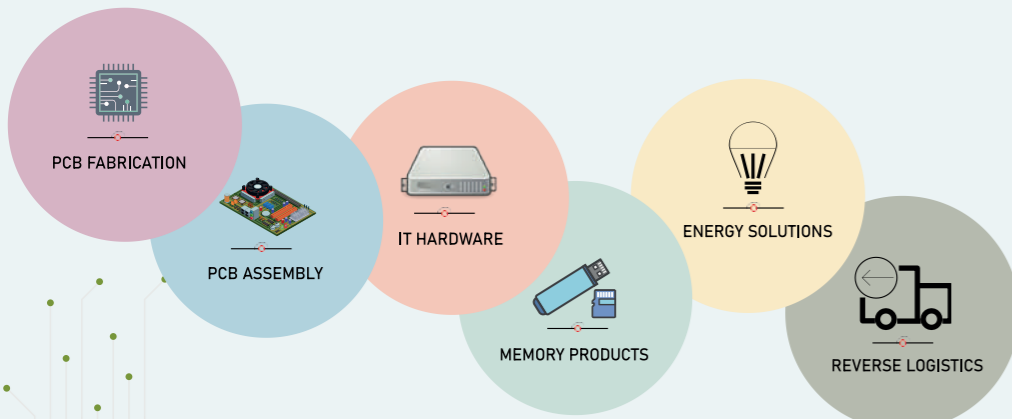

Our one-stop-shop offers Engineering & Design Services, PCB Design, Fabrication, and Electronic Assembly. We streamline production, reducing NPI time and optimizing reliability. With 8 SMT lines and various services, we cater to diverse industry needs.

Sahasra is adding a 3rd EMS facility with an additional 8 SMT lines, 6 MI Lines and 4 FA lines which will take its overall CPH to 2000K. Our MES system provides end-to-end traceability, integrated with SAP ERP. We've invested in state-of-the-art equipment, ensuring quality throughout production.

Our mission is to set the benchmark in cost-effective, efficient, and eco-friendly technologies. We align individual aspirations with organizational objectives, investing in our human resources to meet industry demands.

We don't just assemble boards; we build relationships, trust, and bonds with our partners, be it investors, customers, employees, vendors, or society.

Dream big, work hard – that's the Sahasra way.

PCB FABRICATION

- ◆ S/S, D/S, M/L (upto 10 Layers)
- ◆ FR4, FR4-High TG, MCPCBs
- ◆ ENIG, LF-HASL, OSP, HARD GOLD
- ◆ ISO 9001:2015 CERTIFIED
- ◆ IATF 16949:2016 CERTIFIED
- ◆ UL Approved PCBs (E304660)
- ◆ ROHS & REACH COMPLIANT

PCB ASSEMBLY

WIRE HARNESS

BOX BUILD

8 Fully Automated SMT Lines with N2 Capability | Large Area board handling | 3D & 2D X-Ray Inspection | Inline AOI | 3D Solder Paste Inspection | Video Inspection System | ICT with Boundary Scanning | Pad Printing | Functional Testing | Bar Code and Ink Jet Printing for Traceability | Speciality Coating | Laser Marking | De-panelising Equipment | Palletized Wave Soldering with N2 Capability | Automatic Wire Processing | Stencil Cleaning | Aqueous Cleaning | Inline Sticky Cleaner | Selective Soldering | Epoxy Potting | Under Filling
